SHOUTOUT TO...

KENNEDY HARRELL

Kennedy is an inaugural member of IBIM, an aspiring entrepreneur and academic honor student attending Redeemer Classical Christian School. With aspirations of obtaining a Juris Doctorate, Kennedy is planning to become a circuit court judge or higher. Since the age of 6 years old, she has encouragingly spoken of this dream. At the age of 12 years old, Kennedy had the opportunity to shadow a mentoring Baltimore City Circuit Court Judge. Kennedy is as athletic as she is scholarly. She is preparing for her third year as a member of the Baltimore Elite Volleyball club, and is currently a second-year starting varsity volleyball player for her school. While in the 8th grade, Kennedy was scouted to be a varsity player for high school volleyball! This summer, Kennedy, with her dad’s help, opened her own snowball stand and learned customer service skills, and the savvy of a small business owner such as cost control, product procurement, supply and demand, and bookkeeping! Shoutout to Kennedy from IBIM!

Monthly MOTIVATION

Approach this upcoming month of October with A “WINNER” MENTALITY! There is a quote that says, “winners focus on winning; losers focus on the winner!” Being a winner means focusing in on your goals and your future. Never look at the next person and compare them to your path to success! Never feel as if you are behind on your progression; everyone’s journey does not happen at the same rate! Have tunnel vision when it comes to your aspirations and what you want to achieve! **WINNERS FOCUS ON WINNING!**
